Privacy Notice

As a visitor to our site, you can browse our website to find out more about our services. You are not required to provide us with any personal identifiable information as a visitor to our site.

If you choose to get in touch with us through our online 'Contact Us' page form then we will only receive the data from within the form if you have explicitly ticked the consent checkbox.

Should you require any information about your data please contact our **Data Protection Officer** to request this.

Google Analytics Data Collection

We use Google Analytics to track visitors to this website. From this tracking we can see how visitors use our website through tracking page visits as well as how many users we have on the website.

Google Analytics does not store personal information that will easily identify who you are.

Data Protection Officer

For any queries regarding your data, including data removal requests then please contact the **Data Protection Officer**.
