INDUSTRIAL

LEISURE

➤ **Quality Construction**

The scope of our expertise in bespoke design is second to none. Whether a straight building, an 'L' shape or a 'U' shape, each structure is tailor made to accommodate your requirements including features such as loft floors, log stores and insulation if required

➤ **Designed for the real world**

Browns buildings use the best of modern materials and construction techniques to enable our buildings to withstand the intensive day to day use that today's lifestyles demand

➤ **Planning – It's all part of the service**

Careful negotiations are often required between local authorities, heritage and environmental groups for a clients proposal to be accepted. Browns of Wem may assist in the process and has a 99% success rate on planning applications for clients

➤ **Timber...**

has a prestigious and warm appearance which blends well with most landscapes and existing buildings. Browns only use the most suitable timbers from renewable sources. All colours and textures vary – please ask our office for details. 19mm finished thickness tanalised shiplap boarding is standard.

Alternative materials include waney edge boarding for a rustic look or featheredge boarding as can be seen in these examples

Browns of Wem Ltd, Four Lane Ends, Wem, Shropshire. SY4 5UQ.
